**EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE**

1. This Office Action is responsive to application filed on 07/30/03.
2. Claims 1-18 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record does not disclose or render obvious a motivation to provide for a transfer case as defined by the limitations of claims 1, 6, 11 and 15; including an input shaft, first and second output shafts, a range unit, a range clutch, a range actuator for shifting the range clutch between its high-range and low-range mode, a mode clutch, a mode actuator for shifting the mode clutch between its released and locked modes, the mode actuator including a ball-ramp unit, and a power-operated actuation mechanism including a motor driving a drive shaft.

Wherein the range actuator is responsive to rotation of the drive shaft through a first amount of rotary travel, and the mode actuator is responsive to rotation of the drive shaft through a second amount of rotary travel as required by the limitations of claims 1 and 6, and wherein the range actuator and the mode actuator rotate with the drive shaft required by the limitations of claims 11 and 15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
